INTRODUCTORY.

UNIVERSITY OF ILLINOIS

TO THE READER: This is the 12th year I have scattered these pamphlets freely to the public, and during that time I discover a continually growing demand for them as well as for my various medical preparations. In order to make my remedies most useful to the public, I have labored to introduce them in the country and small towns where skillful physicians are not generally accessible, and among a class of community who wish to economise expense by being their own physician, which they successfully can be in a majority of cases by giving heed to my medical directions and using good common sense in administering them. They can thus save much of the money they earn by hard toil, which they would otherwise pay to physicians, and thus save many a long spell of sickness by attending to an attack in time. The most successful man always attends to all of his affairs in time, and thus avoids loss in a multitude of ways, and this is by no means the least.

Since my last issue my partners have retired from the firm, and I am now conducting all of my interests in my own individual capacity. My son, who is a careful and competent chemist, still continues in charge of all my manufacturing, which will ensure the same reliable remedies for the future as in the past.

During the past year I have issued a new remedy, (MAGIC PAIN CURE), a volatile and stimulating compound adapted to external and internal use, and very powerful in relieving pains, aches, and local torpid conditions. I recommend this article to your use, knowing you will find it one of my most useful preparations. It is clean to use, and I expect it will supersede the use of the EGYPTIAN LINIMENT in most cases on human flesh. On horses I expect the LINIMENT will continue to be extensively used.

I desire to discontinue the manufacture of my CATHARTIC PILLS and sell a larger number of the LIVER PILLS in their place. By slightly increasing the dose of LIVER PILLS they will produce as active cathartic effect on the bowels as the CATHARTIC PILLS, and they will produce a better effect. They will all have an improved and perfect sugar coating. I am ever watchful for improvements where defects are observed, and trust that greater usefulness will be the result of a more extensive introduction of my remedies. Most respectfully yours,

C. WAKEFIELD.

The above cut represents the organs of the human form as supposed to be connected with and influenced by the signs of the moon, or, in other words, the conjunction of the moon with the constellations; which means simply the time of the moon's passing between the earth and certain groups of fixed stars. The theory that these signs have any influence over the functions of the animal or human organism is certainly all imaginary. It originated in the mythical past, and is not sustained by science or modern experience. The moon being so near the earth its attraction does slightly influence the fluids of the earth; but all established signs of weather, based on the moon or stars, fail as often as hit. With these facts we feel that it is too much like humbuggery to offer any prognostications of weather. We therefore present the above cut and will let every one be his own weather prophet.

ECLIPSES.

In the year 1872 there will be four Eclipses; two of the sun and two of the moon, none of which will be visible in the United States. [2]

WAKEFIELD'S MAGIC PAIN CURE.

For External and Internal Use.

This is a New Remedy which DR. WAKEFIELD has issued during the past year, after twenty-five years experience in the manufacture and sale of public remedies.

He has long felt the need of an effectual remedy of this character. He has now matured this PAIN CURE and placed it before the public, confidently believing it will fill the desired place of speedily relieving all Pain, Lameness, Rheumatism, Swellings, Congestion, all torpid conditions, &c. In fact, there are but very few diseases, if any, in which it is not useful. In Paralysis, Congestion, Colic, and all torpid conditions, it has no equal

It is a vegetable compound, and not injurious to use internally.

DR. WAKEFIELD is sanguine in the belief that any person using this remedy once will not be without it in the house thereafter. This medicine being composed of essential oils and other highly concentrated vegetable remedies, is necessarily expensive and cannot be afforded less than the price affixed, viz: 50 cents per bottle. It is now in the hands of nearly all of his agents, and can be obtained with his other remedies.

Try a bottle and see for yourself what it will do. Be sure and notice the directions for applying it. Success depends much on the skillful use of this remedy, as well as all others.

This PAIN CURE is a valuable remedy in the following named diseases: Congestion of the stomach, bowels or liver, Cramp, Neuralgia, Inflammatory or Sciatic Rheumatism, Kidney complaint, Lame back, or lameness in any part, Contracted Muscles, Nervous Headache, Sick Headache, Paralysis, Sore Throat, Boils, Swellings, Chil-blains, Corns, Sprains, St. Anthony's Fire, Weak Spine, any pain, &c. For horse flesh it is equally efficacious.

I Certify that on the 15th of April, 1871, I had a violent attack of Cramp Colic, which put me in great distress. I took ten drops of Wakefield's Pain Cure, internally, at the same time making a thorough outward application, and it cured me in three minutes. I gave to a neighbor, suffering with headache, who was cured in five minutes. W. A. MARTIN, Bloomington, Ill. [3]

COME and see me—As the spider said to the fly.

Happy New Year.

We desire that the year 1872 shall be a happy and joyous year to all our numerous patrons. As we are the artificers of our own fortunes, and as our highest enjoyments are in our most noble acts, let us consider well the path we tread,—take good care of our physical and strive to elevate our spiritual natures—press forward in the right with a clear conscience, regardless of the eyes of scoffers, and we gain the prize—HAPPINESS.

The first thing you are recommended to do this year is to procure a bottle of Wakefield's MAGIC PAIN CURE. It applies to so many cases you will find you have use for it almost every day and will wonder how you done so long without it.

Cure for Colds.—

Soak the feet well in warm water at bed time, and take freely of COUGH SYRUP.

WAKEFIELD'S WINE BITTERS.

Most, if not all, diseases to which man is subject, arise from a debilitated or diseased stomach and torpid liver, which soon disorders the blood.

It is as impossible for a person to enjoy good health whose digestive organs are not in good order as it is for water to run up hill, and there is no need for a person who can procure Wakefield's WINE BITTERS to complain of Dyspepsia and like diseases, arising from a diseased stomach. Don't take a taste of it once a week and then decide you are not being benefitted, but follow it up according to directions, and you will certainly be cured.

Symptoms requiring the Use of Wakefield's Strengthening Wine Bitters.

Dyspepsia, Loss of Appetite, Constipation, Heartburn, Waterbrash, Avidity of the Stomach, Indolent Headache, Swimming in the Head, Sick Headache, Numbness of the Limbs, Frequent movable Pains, Flu or Croup of the Stomach, Wasting of Flesh and Strength, Scrofula, Kidney Disease, Rheumatism, Jaundice, Enlargement of the Spleen, Declining of Health, Pain or Heaviness in Right Side, Fullness of Blood in the Head, Nausea of the Stomach, Fullness or Weight in the Stomach, Aching in the Bones, Slow Fever, Dimness of Vision, General Weakness, Constant Imaginary Evils and Depression of Spirits, Suppression or Retention of Menses.

Ladies find the BITTERS a valuable and reliable Medicine for Suppression and Retention of Menses, and, similarly, for girls entering womanhood, to develop and maintain a most healthy condition.

JUVENILE.—Is soon cured by using the BITTERS regularly and the LIVER PILLS twice daily.

FOR KIDNEY DISEASES.—Use the BITTERS and apply the RHEUMATIC PLASTER over the spinal and abdominal parts.

TUSSIC LIFE.—The BITTERS largely help to keep the blood pure and the sanguineous fluid in a healthy state, and is useful in cold and dry coughs.

FOR SCALD HEAD and Old Sores that won't heal, and that have proud flesh in them, apply the PLASTER, and cover with a thin cloth to keep it warm, and take the BITTERS internally.

J. A. WELCH, of Attra, Iowa, writes: I consider the Blackberry Balsam the surest and most speedy cure for flux that I have ever seen used. I had a case in my family where the discharges were frequent and bloody, which, by the use of your Balsam was effectually cured in one day.

It is no misfortune for a young lady to lose her good name if a gentleman gives her a better one.

Miscellany.

If you try to get rich in a year the probabilities are that you will be in jail in less than six months.

It is asserted that many marriages are made of the *Holy Matrimony Tow.*

If you take cold or have a cough or tickling in the throat use **Wakefield's Cough & Cold Syrup.**

A sailor, looking serious in a Boston chapel, was asked if he felt any change. "Not a cent," said Jack.

A girl in Springfield, O., who danced with her corsets pinned up to the last hole, was soon after in a hearse that pulled up to the last hole that had been dug in the graveyard.

Poor Appetite, Indigestion and languor are soon cured by the use of the **Wakefield's Bitters.**

An editor, in announcing the demise of his paper, says: "The brilliancy of our career is only equalled by its brevity, and the lack of business management has only been excelled by the lack of business itself."

Down East, when a notoriously lazy man is surprised at work, they say he is "meddling with industry."

What is the most profitable of all manufactures?

The shoe; for every pair has to be soled before it is finished.

Wakefield's Magic Pain Cure cures Pain of every description.

WAKEFIELD'S COUGH SYRUP.

This old standard remedy, which is carefully compounded from native roots and herbs, is daily gaining in popularity, on the one hand the West, and the low price at which it sells, puts it within the power of all to try it at least.

The same proprietor has manufactured and sold this remedy for one-fourth of a century and knows what he claims when he tells you that its extensive use has been very satisfactory to the consumers, saving them vast amounts of money in doctor bills. Its timely use has saved many a man of typhoid fever, a vast amount of human suffering and many valuable lives.

If you have a cold, cough, or a soreness in the breast, do not wait until you get down on your back before you begin treating it, but procure at once a bottle of this Syrup and use it freely. It is a safe remedy and cannot do you harm. If it does, and opens the clogged passages and causes them to give up noxious gases of the system to pass off through the pores, which is useful in any attack of disease. Early and timely use will combat Typhoid Fever, sudden feuds, engorgements of the system, Measles and Whooping Cough, more effectively than any remedy before the public. It removes engorgements by equalizing and harmonizing the action of the circulating fluids and stimulating the torpid organs to healthy action.

Coughs.—The sooner you begin the treatment for a sudden cold the better. Consumption generally originates in a cough, produced by a cold. When the system is torpid or bilious, it is less able to resist the effects of a cold.

To cure most colds by taking a full dose of Liver Pills, Fatty Liver Tea or cold water, take the Cough Syrup in large doses and sponge warm in bed. If you take sufficient of the Syrup to produce nausea of the stomach, all expectoration will cease, the coughing be quiet for twenty hours and you will find it gone after that.

Before you begin to rub the skin, rub the skin about the head and neck, wet cloth, cover the bed clothes, then rub to dry one, then with a cleaned hand, until you produce a slight redness of the skin by the friction, thus forcing the blood to the surface.

Measles.—Gather about freely of the Cough Syrup to produce perspiration and drive them out; also sponge the patient and sponge with warm water under the bed clothes every half hour while the fever is on, which will often dry the skin and prevent the process of bringing the measles to the surface.

A SOUP—requires prompt attention. Give large and frequent doses of the Cough Syrup.

Miscellany.

A sentimental poet gets off the following:

I sat me down in thought profound;
This maxim wise I drew;
It's easier for to like a girl,
Than make a girl like you.

Some author says that one of the uses of adversity is to bring us out. True; particularly at the knees and elbows.

Wakefield's Pain Cure seems to possess a magic power in instantaneously curing all sudden attacks of pain of any kind or nature.

A veteran draper says that although his clerks are very talkative during the day, they are always ready to shut up at night.

There are two reasons why some people never mind their own business. One is that they haven't any business, and the second is that they have no mind.

For Liver Complaint and a feeling of heaviness in the right side, there is nothing better than Liver Pills internally and the **Fezzi Cure** externally.

It makes a great difference whether glasses are used over or under the nose.

The man who could not find his mateh went to bed in the dark.

Backgammon:—a lady's waterfall.

COUGH SYRUP CONTINUED.

IN WHOOPING COUGH—This Syrup quiets the irritation, loosens the cough and shortens the duration of the disease. When the whooping is severe give larger doses and have the patient wear a RHEUMATIC PLASTER on the back opposite the lungs, or rub freely twice a day with the PAIN CURE.

PAIN CURE, applied externally over the parts affected, is of great advantage in croup, sore throat, soreness in the lungs, stomach, or any other part, and should thus be used in connection with the COUGH SYRUP in such cases. The method of its application should be regarded and directions followed.

The PAIN CURE, like the COUGH SYRUP, though in a different way, equalizes the circulation, opens the pores and carries the diseased gas to the surface. They can therefore be used together to great advantage.

TYPHOID FEVER.—This fever comes on with chilliness, loss of strength and great depression of spirits. First give a dose of LIVER PILLS, sufficient to open the bowels; then give freely of the COUGH SYRUP until the tension of the system is relaxed. Bathe the skin well all over with warm water, under the bed clothes, wipe dry with a coarse towel, then apply freely, all around the chest, the PAIN CURE, according to directions. Continue these applications alternately several times a day, cleaning the skin with the water first, then follow with the PAIN CURE, giving the COUGH SYRUP internally. When the inflammatory symptoms are relieved, give small doses of FEVER SPECIFIC. Keep the patient cool and quiet. Follow this treatment thoroughly and you will be surprised to see how speedily you can break up this fever. Compare your success with that of the mineral medicine treatment and you will wonder why intelligent beings have been so slow in making progress in the healing art.

E. SCHOUTEN, of Areola, Ill., writes: My little child (only a baby) had the Whooping Cough so badly we despaired of ever being able to raise her, but after trying every thing we could hear of, we had your COUGH SYRUP recommended and it brought her out safely.

HENRY MORSE, of Middletown, Ill., says: My child three months old, took the croup and was very bad, and I do not think she would have lived an hour without relief. I gave her three large doses of your COUGH SYRUP. The first gave considerable relief, and the three cured her.

ALANSON HARRIS, of Terre Haute, Indiana, says: I would promulgate the fact everywhere that your COUGH SYRUP is not excelled as a remedy for Measles, and it seems to be the only thing required.

A woman's how ideal—
the marriage tie

Misery.

Do you know, sir, that I have been at two universities in each university?" said Sir William. "Well, sir," said the farmer, "what of that! I had a calf that sucked two cows, and the observation I made was, the more he sucked the greater calf he grew."

A dangerous character—a man who takes life cheerfully.

In this month look out for spring chills and fevers and provide yourself with a bottle of Fever Specific, &c., or use the Wine Bitters as a preventive.

Equalize thy temper; excel in good works; be just, vigorous and true.

A wise man never blames himself if the wisest, and the greatest fool never believes himself a fool.

He who has not learned the lesson of resolute self-help, has made little progress as a student, has grown but little toward real manhood.

For worms in children or adults Dr. Walkerfield's Wormer Destroyer continues to stand preeminent, and the demand for it is daily increasing.

Wise men mingle mirth with their cares, as a help either to forget or overcome them; but to resort to intoxication for the ease of one's mind, is to cure melancholy by madness.

A WONDERFUL CASE.

VERSAILLES, MORGAN Co., Mo., March 9, 1871.

Dr. Wakefield, Sir: I owe you many thanks for your valuable **WINE BITTERS**, and will tell you what it has done for me. I was declining with dyspepsia for a year or more, with very little appetite, and after eating my stomach would distress me and belch up acid and gas, I became almost a skeleton. At this juncture I traveled to the northern part of the State, and at Chillicothe a druggist advised me to try your **Bitters**. I took three bottles home with me and used them regularly until they were gone, and felt so wonderfully improved that I sent by a merchant to St. Louis for six bottles more. They cured my dyspepsia and I have become fleshy and very corpulent, and now weigh over two hundred pounds. It is nearly a year since I commenced taking your **Bitters**. You may make whatever use you like of this statement of facts.

Yours for humanity,

J. P. MERRIMUR.

The above case being an important one we take the liberty of making a diagram to show the two extreme conditions in Mr. MERRIMUR's appearance.

Before Using.

After Using.

WAKEFIELD'S WINE BITTERS are not a beverage, made from whiskey, like many other Bitters in the market, but a genuine remedy, that can be used freely by females in all conditions, without the slightest injury.

Moon's Phases.

The poor man's story—
the garret.

Miscellany.

There is this difference between wisdom and happiness. He that thinks himself the happiest man, really is so; but he who thinks himself the wisest is generally the greatest fool.

Persons using Wakefield's Pain Cure once will want no other kind thereafter.

THE worst kind of poverty is poverty of the heart.

ONE hour of severe mental labor is said to be more exhausting than four hours of physical exertion.

"Come," said a fop to a mechanic, "let us meet on a level." "Have to blow my brains out to do that," was the reply.

SPELL mouse trap with three letters: CAT.

A young man who advertised for a wife was astounded at receiving answers from 20 husbands, informing him that he could have theirs.

The magic mirror—A beautiful face lit up with smiles.

For lame back of long standing use Wakefield's Plaster, for more recent attacks use Pain Cure.

Next to the mitraillense, the most killing thing now a days, is a druggist's mortar, managed by an incompetent clerk.

A woman first prompted man to eat, but he took to drink of his own accord.

VARIOUS CERTIFICATES.

SMITH & BRO., of Antioch, Ind., Jan. 5, 1871, write: Your remedies give better satisfaction than any we sell. We consider them reliable, and have no hesitation in recommending them to our customers.

JOHN STEELE & CO., of Ayers Point, Washington county, Ill., write under date of January 7, 1871: We have been agents for the sale of your Remedies for a number of years, and since they have been generally introduced we notice a marked difference in their success compared with other patent medicines, and although we have never yet given a certificate to any patent medicine house, we feel it to be your just due that we should mention the success of your **Blackberry Balsam** and **Cough Syrup**. There are no remedies that we know of which sell so readily with so little advertising, and give such perfect satisfaction and prove so effectual, as these mentioned.

W. F. WILSON, of Oakland, Io., writes Dec. 9, 1870: I have used your **Cough Syrup** in my family for many years with the best of success, and I consider it the best preparation for Coughs, Colds and kindred diseases, ever brought before the public; and your **Wine Bitters** and **Liver Pills** "can't be beat." Yours are the most popular medicines sold in our county.

S. H. TULL, Hanover, Jefferson co., Ind., writes: I consider your **Egyptian Liniment** the best and surest for what it is recommended, there is in use.

DAN'L L. MARTIN, of McLeansboro, Illinois, under date of August 22, 1870, writes: I have been selling and using your Medicines for the last ten years, and can say that there is no medicine known that stands higher than yours. Your **Wine Bitters** is the best remedy for weak and debilitated females that I have ever known used. Your **Cough Syrup** stands without an equal, in Coughs, Colds and diseases of the throat and lungs, and as a remedy for Croup there is nothing like it. Your **Blackberry Balsam** cannot be excelled in Diarrhea, Cholera Infantum and summer complaints in children. Taking your remedies as a whole I pronounce them a perfect success, and they are now head and shoulders in the lead of all other remedies in this part of the country.

VAN R. PRICE, of Mt. Erie, Ill., under date of Jan. 6, 1871, says: I have been acquainted with your valuable medicines for a number of years, and there is no medicine that is held in higher estimation in this community than yours, especially the **Blackberry Balsam**, **Cough Syrup**, and I would and do recommend them to the public. [13]

The queerest thing in papers—curls.

Miscellany.

A bachelor says that all he should ask for in a wife would be a good temper, sound health, good understanding, agreeable physiognomy, a pretty figure, good connection, domestic habits, resources of amusement, good spirits, conversational talents, elegant manners, money.

Wakefield's Ague & Fever Pills are a sure remedy for chills or fever, and will be sent by mail on receipt of price, \$1.00.

Some men are like cats; you may stroke their fur the right way for years and hear nothing but purring; but, once accidentally tread on the tail, and all memory of former kindness is obliterated.

Milton was asked by a friend whether he would instruct his daughter in the different languages. The poet replied: No sir; one tongue is sufficient for a woman.

If you would avoid autumnal fevers keep your body pure and strength up by using the **Wine Bathers**.

A poetical genius calls ladies' lips the "glowing gateway of pork and potatoes."

Miss Phelps says there is no use quarreling with a woman, the press, a railroad company or the telegraph.

Use the **Pain Cure**.

BLACKBERRY BALSAM.

It is conceded by medical men, and by thousands of others who have used the article, that Wakefield's BLACKBERRY BALSAM stands at the head of everything in this or any other country, as a remedy for Bowel Complaints of every description. It has been in the market for twenty years, and has earned its present reputation by its merits alone. If this article was not all it is represented, the mere matter of its being advertised in this way would not be enough to sell it in paying quantities.

Like all other of Wakefield's Preparations it is advertised that the people may know what the article is, and what it will do, knowing that when once used it will be bought again and recommended to others.

The constantly increasing demand for it is evidence that its worth is appreciated, and that it is entitled to the claim of superiority which it has won over all similar preparations. It is a vegetable remedy and can do no injury to any one.

Children, during the time of teething, are almost always troubled with bowel complaints, making them fretful and a great care to mothers. This medicine, given according to directions, will correct the action of the bowels and relieve the child of much suffering and save the mother many sleepless nights. More children die while teething than from any other trouble, and simply because their strength is wasted by their bowels being allowed to run off too long. Try it, and you will say it is better than all the soothing cordials you ever used.

The BALSAM should be kept in the house at all times, winter and summer, and there need be no trouble apprehended from Diarrhea, Cholera Morbus, Flux or Cholera.

Full directions accompany each bottle.

Messrs. WIKOFF & BROWN, of Metamora, Illinois, say: We have a large sale of your Remedies. We make your **Blackberry Balsam** our leading remedy for Diarrhea, knowing its worth by personal experience.

GEO. W. BISHOP, of Walton, Ind., says: I believe your medicines are excelled by none in the market. They give universal satisfaction here, and I have a large demand for them.

KITCHEN girls are now termed "young ladies of the other parlor."

Miscellany.

A YOUTH named Slackman ordered his father to get up and build a fire, but the old man talked back, and the boy had to flog him before he would mind. Of late years fathers are getting more and more impudent.

AN eccentric citizen of Saint Louis died recently, and left in his will \$1,000 to a man who, ten years before, had run away with his wife. One of the last things he said was that he never forgot a favor.

Wakefield's **Blackberry Balsam** cures Diarrhea of every description, no matter of how long standing. Try it.

A MAN with a scolding wife says he has less fear of the jaws of death than he has of the jaws of life.

"I MEANT to have told you of that hole," said a gentleman to a friend who was walking with him in his garden, and stumbled into a pit full of water. "No matter," said the friend, blowing the mud and water out of his mouth, "I've found it."

IF you are overcome by the heat in the harvest field use the **Specific**, and you can work on without much delay.

Although one swallow will not make a summer, still a pin maliciously inserted in a chair will make one spring.

Try the **Pain Cure**.

THE BEST REMEDY FOR THE BOWELS.

Wakefield's Blackberry Balsam

Speedily cures Diarrhea, Cholera Morbus, Flux, Dysentery, Camp Diarrhea and attacks of Cholera. It regulates the bowels of children while teething, cures Colic in children or adults, and is used successfully in flatulency and sour stomach.

CHOLERA INFANTUM AND SUMMER COMPLAINT in children are generally caused by teething, but may be produced by other causes that irritate the nervous system and debilitate the action of the digestive organs. The mother should commence early and attend promptly to these diseases and not allow the child's flesh and strength to be wasted too early in the season, as the exciting cause may continue till cold weather and provoke new attacks of the disease.

Give the BLACKBERRY BALSAM in doses sufficient to keep the bowels in check and under proper subjection, and while they are thus checked up give small doses of WINE BITTERS, reduced half with water, to strengthen the digestive organs. Continue to give the BALSAM in smaller doses, and see to keeping up a healthy action for many days, until the system recuperates and the digestive organs get strong. Give the child scalded milk, toast and light food only. Children who have feeble, nervous systems, and weak digestive organs, cannot endure teething in the summer season without the greatest care. For children reduce the BALSAM half with water and they will take it cheerfully.

FOR COLIC—Give large doses and apply hot flannels externally.

Wakefield's PAIN CURE is preferred for colic pains, and is a good thing in flatulency for adults, but is rather too strong for children and not as pleasant to take as the BALSAM.

BARTHOLOMEW & SON, of Palmyra, Iowa, under date of Feb. 8, 1871, writes: Please send us a fresh supply of your medicines. We can warrant them to be better for what they are recommended than any medicines we ever sold or used. We have used and sold them for the last ten years, and can say truthfully that in all that time we have never known them to fail where taken according to directions, and they are all the rage here.

J. L. ROBERTS, of Corinth, Ill., in ordering a supply of goods, remarks: Your Liver Pills and Cough Syrup have become the stand by in this locality, and those who have used them will buy no other. [17]

To PREVENT sun stroke, bathe the head often and wear a wet cloth in the hat.

Miscellany.

I THOUGHT you told me, doctor, that Smith's fever had gone off? O, yes; but it and Smith went together.

It is said of a prominent military general that his sword was never drawn but once—and then in a raffle.

Why do n't you take your seat at the bar? asked a lawyer of a client, the other day. My father always advised me to keep out of bad company.

The **Wine Bitters** used properly in this month, will fortify your system against the attacks of autumnal fevers.

A SLY old deacon, wishing to give his pastor a hint to put more juice into his sermons, said to him one day: "I must get a seat nearer the pulpit, for, by the time your words reach my ears, the people in front of me have so taken the pith out of them that they are as dry as dish-water."

IF you have headache, bonesache, or symptoms of biliousness, take two or three **Liver Pills** immediately and avoid sickness.

Good morning, Smith; you look sleepy. Yes, replied Smith, I was up all night. Up where? Up stairs in bed.

SCENE in Indianapolis: Is Mrs. Smith at home? No, but walk in. She has just stepped out to get a divorce, and will be back in a few moments.

WAKEFIELD'S WINE BITTERS.

This is a Strengthening and Blood Purifying Remedy, adapted to persons who are weak or debilitated, whether from sickness, biliousness, deficiency of appetite, or impurity of the blood. It will renovate the blood and at the same time rapidly build up the strength. It is also used largely as a Preventive in times of prevailing disease, and during the spring months. Ladies find it useful in suppression, and especially for girls entering womanhood. It assists greatly in establishing a healthy and natural condition.

Pure Native wine and neutral spirits are used in extracting the medical properties from the drugs. It is entirely vegetable and free from all deleterious substances.

GENERAL DEBILITY.—Persons declining in health, tending towards consumption, dyspepsia, or any chronic form of disease, cannot find a better remedy than these BITTERS. They should buy a half dozen bottles and continue its use properly for some time, to cleanse the blood and invigorate the system. It will regulate the action of the liver and overcome constipation.

FOR COSTIVENESS AND INDIGESTION.—Take first a full dose of LIVER PILLS and follow with the BITTERS three times a day. Apply the PAIN CURE freely over the bowels with much rubbing. Use coarse plain food, and eat light meals. Avoid sweet, fatty and very sour food. Eat stewed fruit that does not require much sweetening, such as prunes, figs, peaches, apples and blackberries. Strong acids irritate a weak stomach, and too much sweet changes to a strong acid on the stomach, producing irritation and constipation.

BILIOUSNESS—Is indicated by a bad or bitter taste in the mouth, tongue coated, no appetite, &c. Take a full dose of LIVER PILLS and follow with the BITTERS three or four times a day. Apply PAIN CURE freely over the stomach and right side. As a preventive of biliousness take one dose of the BITTERS every morning before breakfast.

FOR BOILS, SORES and HUMORS in the BLOOD—Use the BITTERS three times a day, from fifteen to thirty minutes before each meal. Eat light meals while doctoring the blood and never eat to fullness. A dose of LIVER PILLS, if taken when a boil first makes its appearance, will greatly check its growth and mitigate its severity.

PAIN CURE, applied to a boil in its early stage, will stop its progress, and in its later stage will hasten its suppuration.

FOR DULL HEADACHE—Treat same as for biliousness, applying PAIN CURE on the head in addition.

For Soreness in the stomach, use the PAIN CURE freely externally with a great deal of light rubbing. [5]

BILLIARDS are recommended by physicians as a healthy exercise for ladies.

Miscellany.

A COD FISH breakfast and an India-rubber overcoat will keep any man dry all day.

Mrs. Catherine Araminta Flickernever Stebbins has dedicated to the first woman voter a "hymn," commencing, "We are coming 'free America,' five million women strong."

SEE to having a bottle of **Fever Specific** and a box of **Liver Pills** in your house during this month, that you may overcome any miasmatic attack before it shall settle into chills and fever.

A MAIDEN lady, alluding to her youthful accomplishments, said that at six months of age she went alone. A malicious individual present remarked: Yes, you have been going alone ever since.

REMEMBER that **Wakefield's Blackberry Balsam** has never failed to cure diarrhea.

AN ENGLISH medical journal mentions it as a singular fact that women, as a rule, will not confide in a physician of their own sex. They will talk to a man about the most delicate symptoms incident to sickness, and positively refuse the same information to a woman doctor.

STATISTICS place it beyond a doubt that a handsome widow has three opportunities for marriage to a maiden's age.

WAKEFIELD'S LIVER PILLS.

A more perfect and effectual combination for promoting a healthy action of the Liver, and cleansing the stomach and blood, has not been offered to the public than Wakefield's LIVER PILLS. They are a judicious combination of the choicest vegetable extracts, which have been proven by modern experience to be most effectual in regulating the liver and digestive organs. They contain no mercury, no mineral or deleterious substance, and are harmless to the most delicate persons, and females in all conditions.

These PILLS are designed to promptly meet all the family wants of a reliable purgative and alterative remedy. By varying the size of the dose they answer equally well in bilious and other acute attacks, as in Liver Complaint and chronic diseases. They search, cleanse and invigorate every portion of the human organism, correcting its diseased action. Their action, though thorough, is mild and gentle; they never produce griping; their effect continues longer and is more thorough than that of a more active pill. They do not so materially disturb the functions of nature and produce prostration, like a more active cathartic.

A majority of diseases require the aid of alterative cathartic medicine. Pure blood will be secreted when the stomach is in a healthy condition, but when the stomach is foul and the bowels constipated we cannot have pure blood secreted any more than we can have pure water from a corrupt fountain.

These PILLS are designed to cure Liver Complaint, Dyspepsia, Headache, Nervous Debility, Jaundice, Costiveness, Eruptions of the skin, Scrofula, Salt Rheum and Enlargement of the Spleen; in larger doses, Bilious Attacks, Fits and Mental derangements.

These PILLS regulate the system without interfering with labor or digestion. Their action is so much in conformity with nature that they do not disturb the vital functions any more than proper food.

FIRST STEP.—Whatever disease may be threatening these PILLS are the first step in the treatment, and their timely use often saves a long siege of sickness.

For Liver Complaint, Constipation, or to cleanse the blood, take one or two pills every night, or just enough to insure one good action of the bowels each day.

The proprietor has improved his apparatus for sugar-coating, so that he now puts a perfect sugar coating on these PILLS. Long exposure to a damp place will injure the coating, but the strength of the pill is not injured until it gets mouldy.

TRY the Pain Cure.

Miscellany.

WHY is love like a potato? Because it shoots from the eyes.

FOR Ague Cake, or Enlargement of the spleen, use the Pain Cure.

NEWSPAPERS are discussing the best way of making hot beds. A half a pound of powdered cayenne, sprinkled in just before rearing, on a warm night, will make a bed warm enough for anybody.

A WAG loaned a horse and buggy to a clergyman. The horse ran away with him and finally threw him out. The wag claimed credit for having been instrumental in spreading the gospel.

THE mitten that never fits—the one obtained from your lady love.

"Do write, and fear not," is what the girls say to their correspondents.

A YOUNG man generally gives a lock of his hair to his sweetheart before he marries her. After marriage, she sometimes helps herself, and don't use scissors.

MRS. H. B. STOWE says the men of our day are in great need of wives who love them.

FOR TEETHING.—Reduce Blackberry Balsam half with water and give it to your little ones. It is better than Paregoric or Soothing Syrup.

WHY is an onion like the roll of thunder? Because it is peal on peal.

WORM LOZENGES.

Children having worms require immediate attention, as neglect of the trouble often causes prolonged sickness. Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making Wakefield's WORM DESTROYER is the most thorough known, and is more highly concentrated than any other similar remedy, more thorough in its effects, and still pleasant to take. Children will eat these Lozenges like candy.

WAKEFIELD'S MAGIC PAIN CURE

Cures sudden attacks of headache almost instantaneously. Stops Nervous Headache in five minutes, and Sick Headache with one or two applications.

What one of my Neighbors says.

I have had a pain in my right side, in the lower part of my liver for four months, which I cured with three applications of Wakefield's Pain Cure. My son-in-law came home with a throbbing headache. I applied your Pain Cure, and it stopped it in five or six minutes. My daughter had an attack of Sick Headache (which she is subject to) and one application cured it.
J. HULLINGER.

BLOOMINGTON, ILL., April 28, 1871.

A. A. WHITEMAN, of Iriquois, Ill., says: Your medicines work like a charm, especially the Cough Syrup, Blackberry Balsam and Pills. Your Eye Salve has cured some of the worst cases of sore eyes that I ever saw. I can conscientiously recommend them to the afflicted.

Mr. NOAH MINNICK, of Peoria, Ind., says: I have been using your medicines in my family for years, and find them *the best* there is. Your Balsam is everything it is recommended to be, and your WORM DESTROYER never fails.

You look as though you were beside yourself, said a wag to a fellow who stood beside a donkey.

Miscellany.

A GENTLEMAN, speaking of a young beauty's fashionable yellowish hair, called it pure gold. "It ought to be," said a bystander, "it looks like twenty-four carrots."

WHEN a Dutch maid servant wishes to go to a dance and has no swain of her own, she hires a cavalier for the occasion. A beau with an umbrella receives double pay.

"His forehead extended to the gable end of his neck," means he was bald headed.

WAKEFIELD'S Blackberry Balsam only requires one trial to establish its character, as it never fails.

AN old sailor said a few days ago, "I began the world with nothing, and I have held my own ever since."

AN exchange, describing a funeral, says: "The procession was very fine, and nearly two miles in length, as was also the prayer of Dr. Perry, the chaplain."

A SCHOOL BOY'S COMPOSITION.—The Throat: A Throat is convenient to have, especially to roosters and ministers. The former eats corn and crows with it; the latter preaches thro' his'n and then ties it up.

WAKEFIELD'S Bitters is no cheap rum beverage, but a genuine restorative and purifying remedy.

THE best substitute for silver—gold.

Prices Lowest!

FEVER SPECIFIC.

This well known vegetable remedy has been before the public nearly twenty-five years, and during all that long time it has ever been known as a sure remedy for what it is recommended.

It contains no poisonous or mineral drugs.

It cures all cases of Ague and Fever.

It cures all Chills and Fever.

It cures all Dumb Ague.

It cures all Bilious and Intermittent Fever.

It cures all Bilious Attacks.

It cures all cases of Sun Pain.

It, with COUGH SYRUP, is the best known remedy for Typhoid Fever.

Full directions for family use accompany each bottle.

WAKEFIELD'S AGUE PILLS

Have all the medical properties and power of the FEVER SPECIFIC, concentrated into pill form, sugar coated and put up in glass vials and sealed. They are thus prepared for the convenience of those who prefer medicine in this form. They can be relied on as having no superior.

Why should any one shake with the Ague when he can be relieved in one day from that western scourge?

MR. JUSTUS JIRARD, of Bachman, O., says: Your Fever Specific and Blackberry Balsam are being used extensively around this part of the country, and they always produce a cure.

ISAAC HIBBS, near Covington, Ind., says: No man can appreciate the value of your Fever Specific and Blackberry Balsam until he has used them on himself. They relieve distress so quickly.

The Eye of Justice--Is ever open to our senses. Justice is an innate and divine principle which mankind understand much better than they practice.

Let us give heed to these intuitive whisperings of our souls and cultivate our most divine impressions.

FARMERS will find it a matter of economy to use Dr. Wakefield's WINE BITTERS as a Preventive of all miasmatic diseases. They can digest more food and do one quarter more work without getting sick.

THE greatest blessing ever known has been with a grater.

Miscellany.

SOME girls are like old muskets; they use a good deal of powder, but won't go off.

FOR lame back of long standing use Dr. Wakefield's Plasters, and for sudden attacks use the Pain Cure.

THE latest schoolboy composition on the horse says that it is "an animal having four legs, one at each corner."

A MAN excused himself for marrying, by saying that his friends declared he drank too much for a single man.

KEEP out of debt, out of quarrels, out of damp clothing, out of reach of liquors and out of doors all you can in good weather.

NOTHING equal to Wakefield's Water Destroyer to help out wormy and sickly looking children.

A BALD man made merry at the expense of another who covered his partial baldness with a wig, adding, as a clincher, you see how bald I am, and I don't wear a wig. True, was the retort, but an empty barn requires no thatch.

LITTLE Dick's mother asked him what kind of nuts she should buy for him. "Doughnuts, mama, me can eack 'em with my teeth.

THOUSANDS of persons testify to the curative powers of Wakefield's Blackberry Balsam in afflictions of the bowels.

WORM DESTROYER.

This well tried remedy continues to gain popularity wherever it has been used, and it is justly entitled to the merit it has gained. For there is no harmless remedy known that excels this in relieving children of those secret disturbers of health and quietude. It is a Lozenge preparation, pleasant to the taste, and children will eat it for candy.

These Lozenges cleanse the bowels and stomach of the slimy matter in which worms are bred, correct bilious and fretful symptoms, act on the kidneys and restore to health all pale, unthrifty looking children.

Spasms in children are most frequently the result of worms. When a child is irritable and feverish, sometimes craving food and eating ravenously, or refusing wholesome diet, restless in sleep, moaning and grinding the teeth, then be assured these symptoms are worms, and no time should be lost in giving WAKEFIELD'S WORM DESTROYER according to directions.

On some children a few doses, and in some cases even the first dose, has carried off a large number of worms; in other cases the worm symptoms disappear without the worms becoming visible.

These Lozenges are a safe remedy to administer, not disagreeable to take, and the most effectual of any before the public.

Read what it Does.

PINCKNEYVILLE, ILL., MAY 20, 1871.

DR. WAKEFIELD, Sir: Mr. Jas. Murphy bought a box of your *Worm Destroyer* of us and a few days after came to town with thirty large Worms in a bottle, which the medicine had brought from a little child, whose bowels had been much swollen.

J. M. SULLIVAN & SON.

Mr. Sullivan further states that "the doctors had treated the child without success, and when I exhibited the worms they said, we can procure the same result with turpentine. I asked them why the d—l they had not given turpentine, then?"

INDIANAPOLIS, IND., MARCH 16, 1871.

DR. W.: Dear Sir:—Your *Worm Destroyer* has proven itself to be the best thing for removing worms from children I ever used or heard of. I gave some of it a short time ago to my little daughter, who is nearly five years old, thinking she might have worms, and she passed as it seemed to me, more than a hundred.

Yours, truly,

W. L. DORSON,

W. E. PETERS, of Pleasanton, Iowa, writes: Your *Worm Destroyer* sells more readily than all the other worm medicines I keep.

WHO RECEIVED PREMIUMS.

Below I give the names of parties, in each State, to whom I awarded 1st and 2d premiums for having been the most successful agents in selling my Medicines during the year 1870:

B. H. PENDLETON, Hallsville, DeWitt Co., Ill.
ISRAEL YANAWAY, Majority Point, Ill.
J. B. LARKINS, North Salem, Mo.
J. A. G. SAMPLE, Rushville, Mo.
JOHN ZION & SON, Pleasant Grove, Iowa.
THRALL & MUMFORD, New Harmony, Ind.
GEORGE W. BISHOP, Walton, Ind.

The most successful agent in each State received a premium of Twenty-five dollars, and the one whose sales were next largest received Ten dollars, and I have flattering letters regarding the efficacy of my Remedies from each of them, accompanying their receipts for the drafts.
I shall not award any premiums this season.

RICHARD JONES, of Catlin, Ill., writes on Jan. 10th, as follows: Having sold your Medicines a number of years, I think it nothing but right you should know that they are held in the highest estimation by the public in this locality. They have given relief in some very severe cases of Diarrhea, Coughs, Ague, Sore Eyes, &c.

Messrs. THRALL & MUMFORD, of New Harmony, Ind., say: * * * We expect to increase the sale of your medicines 100 per cent. this season, as our experience warrants us in recommending your goods as among the best in the market.

ROMIG & SON, of Brandon, Io., under date of March 6, 1871, say: We have sold most kinds of medicines, but never sold any that gave so complete satisfaction as your **Cough Syrup**, **Vine Bitters**, **Blackberry Balsam** and **Liver Pills**. They have never failed to our knowledge.

ISAAC W. DAVIS, of Lick Creek, Union county, Ill., says: Your medicines are doing wonders here in Egypt. I have witnessed one of the most wonderful cures performed by your **Blackberry Balsam**. A relative of mine had been afflicted with chronic diarrhea for nearly five years, and had tried three different doctors, who pronounced her case incurable. I finally induced her to try your **Balsam**, which she did, and by the use of five bottles was entirely cured, and is now gaining strength and flesh rapidly.

WAKEFIELD'S EYE SALVE.

This is a reliable remedy for sore and weak Eyes, sore Lips, Chaps, old Sores, Chafes on children, and external humors. It is a very nice, scientific preparation, and a small particle of it answers for an application. It kills the humor, quiets, cools and heals, and is a useful article to have in a family. It is warranted equal to any EYE SALVE before the public.

L. PRUGH, of Sumner, Ill., says: I can not speak in too high terms of your Eye Salve. It has cured many cases of sore eyes around here. Your Bitters and other medicines give good satisfaction.

Wakefield's Egyptian Salve.

This is a very cleansing and healing remedy for old Sores, Cracks, Cuts, Frosted Parts, Burns, &c., and is an excellent adhesive plaster for dressing fresh cuts and wounds, where the parts need to be confined in their proper places.

INSTRUCTIONS.—For Craeks and Sores, heat the end of the stick, and apply it hot enough to fill the craeks and adhere firmly to the skin. It will keep out the air and water, and soon heal the opening.

Egyptian Liniment.

This is a very stimulating and penetrating oil Liniment and used most successfully about horses, curing sprains, chafes, swellings, &c.

For human flesh the Proprietor desires to substitute his PAIN CURE, which is a more cleanly article to use, and a very powerful remedy. This PAIN CURE should be used on horses with some caution, as if too much of it is left in the hair after you are done rubbing it will start the seurf loose from the skin.

J. L. PRESSLY & CO., of Elvaston, says: Your Balsam sells well here and gives good satisfaction. Our physician prescribes it for dysentery to his patients.

J. B. LARKINS, of North Salem, Mo., says: I received your premium for large sales, for which accept my thanks. The sale of your valuable medicines are rapidly increasing, and I have never heard of a case in which they did not give entire satisfaction.

B. H. PENDLETON, an agent in the little town of Hillsville, DeWitt Co., Ill., sold, during the last year, of Wakefield's Medicines, \$200 worth, and says they gave entire satisfaction in every case. [29]

WAKEFIELD'S THROAT LOZENGES.

This is a useful remedy for the cure of Sore Throat, Diphteria, Sore Tonsils, Sore Mouth, Sore Gums, Scurvy of the Gums, Sore Lips, Sorenness in the Stomach, Water-brash and Heartburn.

If the disease is in the throat, the LOZENGE should be held as far back on the tongue as possible, until dissolved. If in the mouth, it should be held in direct contact with the affected part, until dissolved, without chewing.

For Scurvy or Sore Lips, a Lozenge should be softened with a few drops of water and applied with a soft rag or with a swab. Travelers, and all persons afflicted with acidity of the stomach, will find these LOZENGES a very convenient and pleasant remedy to use, and they will cure some forms of dyspepsia that other remedies have failed to relieve. Tickling in the throat, sometimes causing protracted cough, and often affecting the speech, is cured by these LOZENGES.

There are twenty-four LOZENGES in a box, eight of which are dark color and powerful for relieving cold in the head.

Why Vegetable Remedies are the Best.

According to the laws of development, the unfolding of the lower develops the next higher condition. Thus, minerals and the earth develop and unfold the vegetable; the vegetable unfolds the animal, and the animal the spiritual.

The mineral is not adapted to the growth of the animal until it has gone through the vegetable. Who thinks of eating minerals to nourish his body. How inconsistent then to think of taking mineral into our stomach to build us up when we are sick. They are only a source of irritation. All of Wakefield's Remedies are wholly vegetable, and composed of such as sustain and build up the flagging efforts of our physical nature.

SAVE your children when teething or afflicted with summer complaint, by giving them small but frequent doses of BLACKBERRY BALSAM, reduced half with water. It is better than Paregoric, Soothing Syrup, or any other opium preparation.

FOR RINGWORM.—Use a solution of Sulphate of Copper, applying it several times a day, until cured, or rub with Cantharides Ointment.

ASTHMA.—Use the COUGH SYRUP freely internally and PAIN CURE externally.

WAKEFIELD'S RHEUMATIC PLASTER.

This is a very thorough PLASTER for relieving deep seated pains, Rheumatic pains, Lameness of the back or side, Kidney diseases, Paralysis, Ague Cake, Corns, &c. It is very strengthening to weak and lame backs, and regulates the irregular action of the kidneys. It stimulates action and by its continual application often relieves deep seated diseases that liniments have failed to reach. When worn a few days it produces itching and some counter irritation on the skin and relieves the internal organs.

FOR PARALYTIC LIMBS—Apply a large plaster on the spine and a smaller one down on the limb and rub well with PAIN CURE between, three or four times a day.

FOR EXCESSIVE MENSTRUATION AND FEMALE WEAKNESS—Use the PLASTER across the small of the back.

TURN OF LIFE.—Flour Albus (Whites) and Turn of Life require a persistent use of the BITTERS and PLASTER.

DISEASE OF THE KIDNEYS and any weakness in the loins, are speedily relieved by the use of this PLASTER. It is a great regulator of the action of the Kidneys.

AGUE CAKE—Is readily cured by wearing a PLASTER over the Cake and taking the BITTERS regularly.

Brown's Rat Killer.

This valuable Vermin Destroyer is still manufactured by the Proprietor of Wakefield's MEDICINES and sold by him in large or small quantities, as are all of his popular remedies. He has long noticed the superiority of this article in exterminating rats, and that its composition is such that it does not dry up or otherwise injure by age, as other similar preparations have done.

For sale by Druggists generally.

Ague and Fever Pills.

To accommodate those who prefer taking sugar coated pills to FEVER SPECIFIC, I am now putting up AGUE AND FEVER PILLS, in nicely sealed bottles, which, like the SPECIFIC, is a sure remedy for Ague and Fever, all forms of fever, and all periodic diseases. They are equal to the SPECIFIC in use, and more acceptable to the stomach. The taste of the medicine is wholly obscured by the sugar coating on the pills. They will be sent to my agents with the other remedies when ordered, and to any person by mail, on receipt of retail price, one dollar.

I also send Lozenges and Plasters by mail, on receipt of retail price. Liquids are not mailable matter. [31]

FEB 10 1940 TO THE INVALID.

UNIVERSITY OF

If you are declining in health, with loss of appetite and other dyspeptic symptoms, use the WINE BITTERS. If you think you are in any way threatened with Consumption, use the COUGH SYRUP and WINE BITTERS together, taking the Bitters before, and the Syrup between, meals. The Cough Syrup relaxes the tissues and starts the impurities toward the surface, while the Bitters regulate the stomach and liver, cleanse the blood and invigorate the system so as to enable it to overcome the disease. Persevere in their use for some time.

If this does not give relief in a few days, or if Consumption is more deeply seated, take a thorough treatment for about two days by taking double or treble doses of Cough Syrup and more frequently repeated, until nausea of the stomach and relaxation of the system is produced; then lessen the doses enough to only keep up that condition for four or five hours; then still reduce the size of the doses until no longer required.

There is no way of routing disease from a stronghold equal to equalizing it through the system and opening the waste gates for its expulsion. Turn the course of the fluids to the surface; keep the skin soft and the pores open for their free exit, by light sponging under the bed clothes. Before the patient is exposed to the air his skin should be sponged, and rubbed very thoroughly with the naked hand, to give it renewed activity. As the relaxation subsides the Bitters should be used three or four times a day, and the Cough Syrup occasionally in common doses.

To GUARD AGAINST SICKNESS.—Keep a box of LIVER PILLS in the house, and take a dose without delay when disease threatens. "A stitch in time saves nine." Another most useful article a family should not be out of is PAIN CURE. It cures Neuralgia, all sudden local pains, lameness, swellings, Ague Cake, and is very useful to rub over the liver and stomach in Liver Complaint and biliousness. It stimulates action and enables the parts to throw off the morbid secretions. Wakefield's BLACKBERRY BALSAM and WORM DESTROYER are also quite indispensable articles in a family where there are children. They are often wanted when it is not convenient to go after them.

How divine are the emotions of true FRIENDSHIP; how soul inspiring is a cordial shake of the hands. Let us cultivate this faculty and serve God, as Christ directed, in friendship and service to one another.
